Programs

Seems like everyone enjoyed the rock identification game at the meeting. A good time was had by all. Many people came up with some interesting names for the specimens. Some were actually correct. Others, well, very creative!

For the June program, please bring a rock/gem/mineral or two or three. We'll have an identification party. If the correct name can't be found, then we'll make one up.

If anyone has an idea for a program, or a program you'd like to see, contact Mary at the below number.

Take care,
Mary Clough 316-943-1785
